

The CTU community is deeply saddened by the ongoing and most recent eruption of devastating bloodshed in the Holy Land. We renew our commitment to pray and work for justice and peace among all peoples.

Since its founding in 1968, Catholic Theological Union has emphasized the importance of inter-religious dialogue as an essential aspect of preparation for priests and lay ministers in the Catholic Church.

We pledge to continue to educate our students against the fear and animosity produced by religious prejudice and ignorance. Finally, we call upon Christians, Jews, Muslims and all people of good will to cooperate for justice and peace and against all hatred and oppression and the incitement to violence they engender.
